

Singapore Medical Device Register (SMDR)

Device Information

Product Number	MDPR260504A0002
Registration Date	04-May-2026
Change Notification Approval Date	-
Product Name	Metrax PRIMEDIC HeartSave myPAD
Intended Use	Designed to be used in case of suspected sudden cardiac arrest, to guide operator to start resuscitation, to analyze victim's ECG, to deliver defibrillation therapy through self-adhesive electrodes in case of a shockable rhythm and to guide operator to perform cardiopulmonary resuscitation. Devices are intended for treatment of victims of cardiac arrest. Victims of cardiac arrest exhibit the following symptoms: * Unconsciousness * Absence of normal breathing
Device Risk Classification	Class C
Medical Specialty	Cardiovascular
Are any models supplied sterile?	No
